

## SUGGESTED SUMMER READING – 2ND GRADE

Dear Parents,

It has been said, “Students who read the most read the best.” The more students practice, the better readers they become. To help our students achieve stronger reading skills, we require them to continue reading during the summer months. Your involvement in this process is of the utmost importance and with your active support our students will continue to build their reading skills, without interruption, throughout the summer. Students will share their summer reading experiences with their teachers and classmates when they return in August.

The primary reason for required summer reading, however, is the continued development of your children’s reading skills. Please help us achieve this goal by choosing one (or more) books(s) which your child should be prepared to write/draw about during the first week of school.

Have a great summer!

Sincerely,
