MIDDLE SCHOOL LOCKER SHELVING

Before school begins, have your parents go to Home Depot and have the guy in the lumber department cut you three wooden shelves with the following dimensions: 12 X 48 $\frac{3}{4}$ MDF Shelving. Cut them in three 14.5 x 12 inches. These three wonder shelves will magically turn your locker into a two tier space, giving you tons of room for books and supplies. Here is the link:
